Declass Review by NIMA/DOD

25X1A [redacted]

25X1A Subject: [redacted]
Installation Requirements

Dear Sir:

25X1A Enclosed herewith are three (3) copies of the "Chip Format Printer Installation Drawing No. 1137 INSTL 1 (2 sheets)" which provides the information that [redacted] will require in order to prepare the site to accept our equipment before an [redacted] group goes to the field to complete installation.

In addition to the requirement that the site be prepared to the enclosed drawings and in order to check out the Chip Format Printer, the following test equipment should be made available to us at the site:

1. Brush Recorder - Mark 280
2. Trygon Power Supply - HR 40-5B
3. Volt-Ohm-Meter - Simpson Model 260
4. Oscilloscope - Tektronic 545A Dual Trace

Should you require further information or clarification as to the installation requirements, or in the event any of the above conditions cannot be met before the equipment is shipped, please do not hesitate to contact me.

Very truly yours,

mailed to [redacted] on 10/10/67 RM
